Short description

PROJECT:

For sale is this prime block of land earmarked for the construction of a housing development located between Dupleška cesta street and Stražunski gozd forest in Maribor's Brezje district. The land has a surface area of 22,905 m², with possibility to construct 126 housing units of various types plus resident parking spaces in an underground garage. The units can be constructed in three construction phases. Based on a conceptual design the Brezje S2 construction master plan is already in force for the planning area Brezje 2-S (part of the spatial plan unit Br2-S) thus the project can immediately commence.

POTENTIAL OF THE LOCATION

- good geographical location
- green & quiet location flat terrain
- the possibility of 3 stages of construction
- conceptual design approved by city planning
